## 18 - Penalty

**18.1** The Tap must be performed in accordance with the Definitions.

**18.2** For Infringements that occur between seven (7) metre lines, the Mark for the Penalty Tap is at the point of Infringement unless otherwise indicated by the Referee.

**18.3** For Infringements that occur within the Seven Metre Zone the Tap must be taken at the nearest seven (7) metre line.

**18.4** For Infringements that occur beyond the Field of Play or in the In-Goal Area the Mark is seven (7) metres infield from the Sideline, or directly Forward of the Infringement on the seven (7) metre line nearest the Infringement or at a position indicated by the Referee.

**18.5** The Mark must be indicated by the Referee before a Penalty Tap is taken.

**18.6** The Penalty Tap must be performed without delay after the Referee indicates the Mark.

**18.7** A player may perform a Rollball instead of a Penalty Tap and the player who receives the ball does not become the Half

**18.8** If the Defending Team is penalised three (3) times upon entering their Seven Metre Zone during a single Possession, the last offending player will be given an Exclusion until the end of that Possession.

**18.9** A Penalty Try is awarded if any action by a player, Team official or spectator, deemed by the Referee to be contrary to the Rules or spirit of the game clearly prevents the Attacking Team from scoring a Try.
